Subject: RE: check in on I-270 air reports

OK, thanks. I don't have any substantive comments at this time either.

I did end up putting all the files at the shared location:

Ex. 6 Personal Privacy (PP)

(Including the AERMOD and MOVES files). Since we didn't receive much time to review these (a week and couple days) it wasn't really feasible to review all the written files plus the MOVES inputs and outputs. It wasn't even apparent that AERMOD files were already generated and ready to be shared.

Considering the situation I think it's fine that we don't have comments right now, but I will offer that we let them know we will continue reviewing the information and let them know if there are any issues we see.

I would recommend we have a short meeting to discuss how in depth of a review we want to do on the MOVES files and AERMOD files.

I'll look for a time for us to get together.

Thanks,

Chris

I don't think I have any comments. I haven't had the chance to really dig into the MOVES files, but the narratives look fine to me.

Hi Greg,

I hope you're having a good day. I just wanted to check in with you to see if you have any comments for I-270?

Thanks,

Chris
